OUR STORY

OGI Interiors has been established for many years. Our Managing Director, Ashok Yadav, has worked tirelessly to build up the business from very small beginnings to the much larger company we are today.

We strive to keep ahead of current trends, and bring you the latest colors and designs. We supply businesses in the floral industry (trade only!). Serving wholesale and retail outlets throughout the INDIA ranging from Florists. Garden Centers, Homeware Stores through to Event Coordination, Venue Dressers and Interior Designers.

OGI is not a single company, OGI is a worldwide group who is growing day by day. Who has : OGC (Oriental Garden China) | OGI (Oriental Garden India) | OGU (Oriental Garden UK) | OGT (Oriental Garden Turkey "under establish") | OGA (Oriental Garden America "under establish")

If you wish to book an appointment to visit our office & warehouse to see our product collections, please contact us on +91-8955472611 or email info@ogiinteriors.com.

Ashok Yadav (MD) inspired by the nature beauty and think to establish a company who can provide the highest realistic quality artificial plants, trees, flowers and greenery products to customers without maintenance of real plants.

I am so lucky to have such an amazing team around me. As the MD I have loved every minute of growing my company from a little market stall to the fantastic business we have today.

A former equity analyst, Ashok loves analyzing the business and keeping the finances in check to ensure that we are always well supported to our business partners. Thank you so much to everyone who has supported us.

WANG ZHEN GUANG (GM) is the partner of the OGI Interiors, who is playing a most important role to supply the best analyzed products to OGI India from China. He is responsible for product development, especially the creation of new products where he combines his creative eye with a love of creating beautiful flowers, trees and plants to suit every budget. He has lived in many different countries and brings experience and inspiration from each of them to serve the best products to OGI.

Care & Cleaning

With latex or real-touch trees, like our artificial trees a damp cloth is usually the best method for cleaning dust off of trees. Just take a clean, damp cloth and wipe each leaf and branch carefully, making sure to get into all the small details, then leave them to dry.

- 1.For best results, periodic professional cleaning is recommended.
- 2.Use only normal water when cleaning trees.
- 3.If spills occur, blot immediately, then clean with normal water.
- 4.Vacuum regularly WITHOUT the beater bar turned on.
